

Future Scientists

Journal of International Economy and Global Governance (JIEGG) aims to provide a platform for rigorous academic research and discourse on issues pertaining to the international economy and global governance specifically for undergraduate, master and PhD students that meet international academic standards. Our goal is to foster a dynamic exchange of ideas among academics, policymakers, and practitioners. We aspire to publish cutting-edge research that not only contributes to theoretical insights but also offers practical implications for addressing pressing global challenges, such as sustainable development. Through our commitment to excellence and intellectual integrity, we seek to establish the journal as a trusted source of knowledge and a catalyst for informed policy decisions and meaningful interventions in the international arena.
